Woody Plant Diagnosis \$7.00
(Trees and Shrubs)

The quality of your specimen is critical for receiving an accurate diagnosis. Please submit a sample that includes a progression of the problem on vegetative growth, such as branch/stem with healthy to unhealthy foliage. Dead (plant, branch, fruit/vegetable or leaf) specimens are difficult and sometimes impossible to identify or diagnose.

Please Print	Date Collected _____	Office Use
Name _____		Date Received _____
Address _____		Date Finished _____
City _____ Zip _____		Called _____
